## PREFACE

In presenting to the Public our second edition of THE COUNTY OF WENTWORTH GAZETTEER AND DIRECTORY, we desire to state that the object, which we trust has been attained, is to provide a work which will prove not only useful but interesting, and that every means in our power has been used to render it full, complete and reliable. The Postal addresses of the farmers and other residents of the townships will, it is hoped, prove particularly valuable.

# THE CITY OF HAMILTON.

---

Hamilton is beautifully situated on the south shore of Burlington Bay. It covers a space about two miles in length of the level which reaches from the lake shore to the mountain, and is about a mile and a-half in width. The surrounding neighborhood is celebrated for its fertility.

The mountain is an escarpment to the broad plateau of Western Ontario, worn down by the ceaseless dash of the waters of the ancient lake. It stretches away to the east, forming the precipices over which leap Niagara and the Genesee.

North-west of the city are Burlington Heights, a wall of concrete built up and cemented together by the action of the water, in the same way that Burlington Beach, which separates the bay from the lake, is now being compacted.

In the year 1678 La Salle visited the site of the city and ascended the mountain. The first settler in the vicinity of Hamilton was Robert Land, who was born on the banks of the Delaware, and served on the side of the British during the revolutionary war. In 1778 he took up 300 acres, occupying the greater part of the east end of the city between the mountain and the bay.

Between 1796 and 1812 several settlers arrived. In the latter year the site of the city was occupied by Robert, Abel and Ephraim Land, John Aikman, Col. Richard Beasley, Peter Ferguson, James Mills, Peter Hess, Nathaniel Hughson, Daniel Kirkendall, and Capt. James Durand. A man named Barnum kept a tavern on the north-west corner of King and James streets, and owned the land from King to Merrick.

In 1814, William Sheldon, opened the first store, a frame building on

the south-east corner of King and John. "Black," Carpenter, Knight and Shute, were the names of the first cabinet makers. John Aikman was the first wagon maker, and Edward Jackson the first tinsmith. McQuesten & Co., owned the first foundry, a stone building which occupied the site of the present Royal Hotel. Thomas Reynolds was the first blacksmith, his shop stood on the south-east corner of King and Ferguson avenue. John Law kept the first district school. Andrew Miller, commonly known as "Yankee Miller" succeeded Barnum, and kept the tavern till it was destroyed by fire. In 1813 a portion of the site of the city was laid out in town lots by Geo. Hamilton, at that time and for many years afterwards member of Parliament for Gore district. Between 1823-6 charters were granted for the construction of the Burlington Bay and Desjardins Canals. At this time King and Main streets were the chief thoroughfares. In 1833 the town of Hamilton was incorporated, three years later the population was 2,846, and the assessed value amounted to £44,020. In 1838 the population was 3,358, and the assessed value £52,130. The CITY OF HAMILTON was incorporated in 1846, the population having increased to 6,832, and the assessed value to £113,720. In the following year the first council was elected, and was composed of Messrs. Colin C. Ferrie, mayor; Alex. Carpenter, Chas. O. Counsell, N. Ford, L. B. Freeman, D. C. Gunn, David Kelly, Andrew Miller, Saml. Mills, H. R. O'Reilly, and H. B. Wilson. In 1846 a police court was established, Capt. Geo. A. Armstrong, magistrate. On the 17th March, 1863, the present police magistrate Mr. James Cahill was appointed. In 1854 Mr. Thos. Beasley was appointed city clerk, and still retains the office.

Hamilton has several fine buildings, public and private—and many magnificent residences, surrounded by beautiful grounds in the outskirts of the city, have more than a local celebrity. The churches, banks, and many of the stores, chiefly built of stone and brick, are handsome structures. The new court house erected in 1878, is one of the finest edifices of the kind in the Dominion. It fronts on Prince's Square and is 168 feet in length, the breadth of the main building is 74 feet, and that of each of the two wings 64 feet.

The County Jail on Barton Street, was completed in 1875, at a cost of about \$40,000, and John Henery, formerly chief of police, was appointed governor.

The Asylum for the insane, Hamilton, is the finest structure of its kind in the Dominion. It is healthfully situated on mountain top, in Barton Township, overlooks the entire city, and has by far the most charming views of any public edifice in Canada. It first received patients on St. Patrick's Day, 1876.

The situation of Hamilton as a trade centre, is equal to that of any other city in the Dominion. Not only is she at the head of lake navigation, but she is connected with the whole system of Canadian and American Railways by the Great Western and Hamilton North-Western lines which centre here.

The city is the seat of extensive manufactories. There are several iron foundries, some of them among the largest in the Dominion, a rolling mill, three sewing machine factories, two large glass works and many other branches of productive industry, giving constant employment to large numbers of operatives.

The present population of the city may be estimated at 37,000, real estate \$13,378,880, assessable and personal property \$2,913,970. The city possesses an excellent system of drainage and magnificent water works. The supply to the reservoir, the capacity of which is 9,000,000 imperial gallons, is brought from Lake Ontario, a distance of three and a-half miles.

Hamilton sends two Members to the federal parliament and one to the provincial; the former at present are Messrs. F. E. Kilvert and Thomas Robertson. Mr. J. M. Gibson is the local representative.

## COUNTY OF WENTWORTH.

---

The County of Wentworth is bounded on the north by Halton and Wellington, on the south by Haldimand, on the east by Lincoln and Lake Ontario, and on the West by Brant and Waterloo. It consists of the Townships of Ancaster, Barton, Beverly, Binbrook, Flamboro' East, Flamboro' West, Glanford and Saltfleet; the Town of Dundas and the incorporated village of Waterdown. The County contains 288,143 acres, population 29,213. The soil of this county is very fertile, is well watered by numerous streams and every variety of landscape, hill, valley, plain and meadow is to be met with. The scenery in many places is remarkable for its extreme beauty.

The early history of one county must necessarily be very similar to that of another. To give a detailed account of the hardships and vicissitudes encountered by the early settlers, would be at once useless and superfluous. In other parts of this work we have given the names of many of the pioneer settlers of each township.

## TOWNSHIP OF BARTON.

The history of the early settlement of this Township is the same as that of the City of Hamilton which, previous to its incorporation formed part of it. Among the early settlers above the Mountain were Jacob and William Rymal, William Terryberry, Cornelius and Samuel Ryckman, Lewis and Peter Horning, and families named Markle, Hess, Burkholder, Taylor, Neff, and others. Below the mountain were families named Jones, Needham, Lottridge, Gage, Stewart, Bennett, Case, Crosthwaite, Cline, Horning, Aikman, Reynolds, Shearman, Land, Hughson, Springer, Lockwood, Wedge and Dexter. In the year 1815, Wm. Rymal was assessed for 160 acres of cleared land, and Jacob Rymal for 80; William Terryberry 168 acres of arable land; Samuel Ryckman had 26 acres,

and Cornelius Ryckman 45 acres of cleared land ; and Richard Beasley, in the same year, was assessed for 13,350, (150 acres of which were cleared), and Geo. Hamilton, after whom the City is called, for 1,416—141 being cleared. At this time there were only 102 ratepayers in the Township ; 72 houses of square logs and 25 frame buildings. The live stock comprised 150 horses, 64 oxen, 316 milch cows and 74 horned cattle. The names of 65 ratepayers appear on the assessment list of 1822 as living below the Mountain, the total assessment amounting to £8,400 14s. ; improved lands 1,013 acres ; uncultivated land, 3 533 ; horses, 80 ; oxen, 46, and milch cows, 168. In 1823, the total assessment amounted to £17,014 5s. There were only 15 vehicles kept for pleasure. There were also three saw mills and one grist mill, the latter belonging to a man named Rymal. In this year there were 4,978 acres of improved land in the Township. Acres assessed 14,131 ; population, 3,575.

## TOWNSHIP OF BEVERLEY.

---

The Southern portion of this Township was surveyed by a man named Jones in 1794, and three years later Deputy Surveyor John Stegman plotted and surveyed the remainder of the township. The settlement followed immediately afterwards. The first residents were Jacob Cope and George Jones. Adam and William Misner followed soon after, the former of whom erected the first saw-mill. In 1810 Joshua Wedge built a tavern near Romulus. In 1817 a man named Bab. ock kept a tavern near the intersection of the 8th Concession with the Dundas and Waterloo Road; and another tavern was kept by a mulatto named Pompey Murdoch, on the site of Sheffield. In 1819 Henry Lamb, (a man of great enterprise,) took up Lot 11 on the 6th Concession, and afterwards purchased extensively in the neighborhood. He built a grist-mill, laid out village lots, offered inducements to settlers, and did much towards promoting the prosperity of the township. Among the settlers at this time appear the names of Smith, Surarus, Cornell, Hugh and Harding. In 1820 a log school-house was built, shingles and pieces of coal supplyug the want of slates, pens, ink and paper. Shortly after this the first post office was established by John A. Cornell, to which he gave the name of Sheffield. Warner Churchill succeeded Cornell, and united a store with the post office. In 1820 there were but 81 ratepayers in the township, who possessed 9,953 acres, of which 1,883 were cultivated. The assessment this year was £5,569 16s. There were 69 horses, 51 oxen, and 180 milch cows, but in consequence of the numerous packs of wolves which over-ran the coutry, pigs and sheep could not be kept. In 1824 the population was only 618. In 1830 the number had increased to 858, and in 1839 it was 2,382.

In 1832 John and William McKnight made the first settlements in the Northern parts of the township. They were followed shortly after by John Valens, the Pentland and the Macdonald families and others. A few years after this Mahon and Cook built a lumber and Grist Mill near West-over's Corner, and in 1849 John Ironsides built another in the same neigh-

borhood. In 1837, the McQueens, Menzies, Bickells and Martins arrived from Scotland, who, liking the country, sent back to their native land for their families, and before long the north half of Beverley was peopled by a hardy and intelligent race of Scotch. In 1850 there was little, if any, unclaimed land in Beverley. The number of acres assessed is 70,040, population 4,890.

# TOWNSHIP OF BINBROOK.

The first settlers in the northern part of this township were Brian Condon, who took up 800 acres of land south of the first block; and the Swayzie family who resided about 4 miles north of Hall's Corners. Those in the south part were John McCarley, who built the first house and barns in the township, and Morris Deirick. Henry Cline was the first blacksmith. John McMicken erected the first grist and saw mills, and George Dennis in 1835 opened the first tavern. An English Church was built in 1835, the Rev. Mr. O'Flanigan, pastor. In 1828 a Mr. Duff settled here, and occupied the position of township clerk for 20 years. He made the assessment and collected the rates at an early date for 75 cents. In 1834 the total population by census was 188, the number of acres assessed is 26,202, population 1511.

## TOWNSHIP OF EAST FLAMBORO.

The settlement of this township dates as far back as 1797, when John Green arrived and soon after built a grist mill. The Markle family followed shortly after. About the same period the Morden's a U. E. family settled in the vicinity of Dundas and along Crooks' Hollow. Among the other early settlers we find the following names: Chisholm, Fonger, the Applegarth, Hopkins, Brown, Davies, Lane, and Brant. In 1817 the township contained one grist mill, six saw mills and one fulling mill. The assessed acreage is 33,696, population 2377.

## TOWNSHIP OF SALTFLEET.

This Township was settled between the years 1786 and 1790. Among the first settlers were Levi Lewis, John Pettit, Gershom Carpehter, Augustus Jones, John Biggar, John Wilson, and Samuel Dean, who took up land west of the 50 Mile Creek. There were other families named Biggar, Smith, Cline, Chambers, Davis, Springstead, Mulholland, Lees, Green Potruff, and Althouse, scattered through the county. The township derives its name from several saline springs which formerly existed in the bed of the Big Creek, these produced an excellent quality of salt manufactured by Allan McDougall and Wm Kent. The value of this commodity to the early settlers may be estimated from the fact that it sold readily at \$10 a bushel,

In 1815 the first assessment of Saltfleet was made, when there were 102 householders in the township. The total value of property was estimated at £10,151. There were 33 log houses, 20 one storey frame houses, a two storey log and a two storey frame. In 1850 the first municipal council

was organized when John Williamson was elected Reeve, his son David clerk, and Samuel Green Treasurer. This township is remarkable for the excellence of its land, and is one of the best fruit producing sections in the Province. Large quantities of apples, pears, peaches, and grapes are annually exported, the portion of the township in the vicinity of the mountain being naturally adapted to this industry. The assessed acreage is 27,917, population 2,614.

## TOWNS AND VILLAGES.

**ANCASTER**—A village pleasantly situated in the township of the same name, on the side and summit of Burlington Heights. The surrounding country is remarkable for the variety and picturesqueness of its scenery.

In 1790 J. Batiste Rousseaux and James Wilson, emigrants from Lower Canada, settled in the Township of Ancaster, and shortly after their arrival built a corn mill on the Grand River, near Brantford, for the Indians in that vicinity. Having completed which, Rousseaux returned to Ancaster. Seven years later, Thomas Hamilton, then but ten years of age, came with his father from Grimsby and settled close beside the main road in the neighborhood. Toronto was at this time an insignificant village, and the site of Hamilton a wilderness.

In 1812 Ancaster was a thriving village, and in that year a company commanded by Capt. Samuel Hatt, and another under Capt. James Durand from Barton, took an active and honorable part in the American War, particularly distinguishing themselves in the actions of Queenston Heights and Lundy's lane. A flour mill on what is now the site of Egleston's grist mill, was at that time used as a prison, in which several spies and traitors were confined. These unfortunates were removed to the military station on Burlington Heights, and were afterwards executed on the spot where Dundurn Castle now stands. At the termination of the war, great numbers of

immigrants settled in the village and township, and Ancaster became one of the first villages in Western Canada; but in course of time Dundas and Hamilton, from their more advantageous situations, gradually surpassed it in importance.

Distant from Hamilton, 7 miles; Dundas, 3 miles. Stages twice daily to and from Hamilton. Population about 400.

**BEULAH.**—(See also township of Barton, page 26.)—A village site situated between Concession street and the southern boundary of the City of Hamilton, and foot of the Mountain, consisting of about seventy acres. The plot was surveyed and sub-divided into convenient size lots in September 1880, by R. D. Kennedy, P.L.S. This plot is part of a tract of land patented by the Crown to Daniel Springer, the deed is dated October 21st, 1803, and was subsequently owned by John C. Ashbaugh, Henry Beasley, W. B. Vanevery and Thomas Bush. The large stone house, the property of William Brooks, was erected at an early period, and in those primitive times held high rank among the principal dwellings of the more wealthy proprietors. The following will prove interesting:—

In the fall 1848, I the undersigned, an Englishman, came to the City of Hamilton, an entire stranger. After a few days sojourn, a Mr Vanevery called upon me to say he held a farm for sale a little west of the city, reaching from the Concession line or street to the brow of the mountain. On inspection I found it a singularly beautiful place. The ridge or mountain so called, covered with trees, and from its foot the land falling with a gentle slope to the concession road. I bought it, and commenced farming. After living-upon it some years, without any effort of mine, it began to attract notice, the city having felt just then the impulse of its first great railway enterprise—the Great Western. Under this excitement, a respectable party offered me a price for my place, which was accepted, the object being to sell it out in building lots, for which it was so well adapted. After some time a wild period of speculation set in. A thousand dollars cash was offered for an acre for the land I had sold, and two thousand was asked. The city affairs fell into the hands of reckless men. Debt and stagnation little short of absolute ruin ensued. All enterprises outside the city were abandoned, and our future “Beulah” lapsed into the “Bush Farm.” After years of

oppressive debt and obstruction, the city recovered itself, and the time came to carry out my cherished purpose. It was laid out in various sized lots, put on the market and it has been a great success. Four-fifths of the largest and more costly lots have been sold, and the rest will doubtless be purchased at our auction this spring.

ITS PECULIAR RECOMMENDATIONS.

- 1.—The Hamilton & Dundas Street cars, driven by steam, pass the front at short intervals, giving swift, cheap, frequent and comfortable transit to those leading centres of trade and production.
- 2.—For water supply—there are three perennial springs issuing from the Mountain that will ultimately be utilized to supply the whole settlement, in the meantime pure sweet water is reached at 30 feet and under.
- 3.—For scenery, fresh air, and drainage nothing can surpass "Beulah," which in the course of a few years is certain to become the most beautiful suburb of the city.

May, 1883.

## DUNDAS,

The "Valley City," a station of the G. T. R., is situated in the Township of West Flamboro, in the midst of a rich agricultural region.

The scenery is unsurpassed for rural beauty, and the facilities afforded for manufacturers are scarcely equaled in the province.

The original name of Dundas was Coote's Paradise, so called from a hunter or the bird of that name. The original plot containing 60 acres was surveyed and laid out by John Stegman in 1801.

Capt. John Hatt was the first permanent settler in Dundas, he built a

flour mill on the spot now occupied by the Dundas Cotton Mills; upon the hill above the village stood a log jail and court house on the site now occupied by the residences of Messrs. B. B. Osler and Hugh Moore. These buildings were in use previous to the year 1812. Coote's Paradise owed its early prosperity to its being a milling centre at the head of batteaux navigation as well as being the converging point of the Dundas and Waterloo, and the Dundas and Guelph Roads—the two principal highways of Upper Canada. In 1847, the Great Western Railway intercepted the traffic and Hamilton with its superior advantages as a lake port completely overshadowed its former rival.

The town of Dundas was incorporated 18th July, 1847, and the first council was held on the 28th April in the ensuing year, when the town was represented by Messrs. John Patterson, *president*; James Coleman, Robert Holt, Hugh McMahon and Robert Spence, *councillors*. The other town officials were John L. Smith, *clerk*; James Smith, *assessor*; Duncan Calder, *collector*; and M. McDonald, *bailiff*. Population about 4,000.

On the 23rd May, 1879, the Dundas Street Railway connecting the town with Hamilton was inaugurated.
